

The mission of the Oakland Education Foundation is to promote innovative approaches and academic excellence in the Oakland Public Schools. The OEF is a 501(c)3 not-for-profit organization that supports and enhances the education for the children in all schools in the district.

Over the last 25 years, the OEF has enriched the educational experience in the Oakland Public Schools by supporting classroom and school initiatives. Most recently, the OEF has provided scholarships to graduating high school seniors, helped to finance the newly opened STEAM lab, provided teachers with grants, supplied finances towards technology, assemblies, and class trips.
